SERVING END-TO-END SOLUTIONS TO MALAYSIA'S AGRICULTURE ECO-SYSTEM

If you think only farmers and fishermen bank with Agrobank, think again. Agri and agri-food businesses span a full supply chain inclusive of research, logistics, manufacturing and drive a host of other support services both directly and indirectly. At Agrobank we support them all and have done so since 1969.

We offer a growing portfolio of financial products, services and support that extends to the expanded agriculture sector to fortify the backbone of Malaysia's economic strength and stability, and champion Malaysia's national food security.

We champion food security for the nation.

For financial support of your agri business, talk to us today!
