## AGRONet Security Tips:

1. We have enhanced Agrobank's online banking system to serve our customers better. Thus, the customers are required to set additional security challenge question(s) at Login Page as an additional authentication factor for logins.
2. For more information, please click '**FAQ Link**'
3. We advise you to always verify your chosen **image** and **phrase** during login.
4. The security feature on top of username and password authentication will ensure that you are banking with the valid **agronet.com.my** website.
5. Always **manually** type www.agronet.com.my to access AGRONet.
6. **Never** click on any email links claiming to direct you to agronet.com.my.
7. Antiphishing Scams:
  - Don't use the links in an email, instant message, or chat to get to any web page if you suspect the message might not be authentic or you don't know the sender or user's handle.
  - Log onto the website directly by typing the Web address in your browser.
